Designation: Stainless steel case, bayonet ring, liquid fillable

Model: SB

Applications:

SB series pressure gauge is for industrial applications requiring damping. Furthermore, this type is only suitable for gases and liquids that do not attack the brass measuring system.

Description:

Nominal size: (mm):

Ø(50, 63, 100, 150)

Scale ranges:- 1 to 600 b

Accuracy class:

1.6 Ø (63) 1 Ø (100, 150) 2.5 Ø (50)

Pressure connection:

1/4" Ø(50, 63, 100)

1/2" Ø(100, 150)

Wetted parts: Copper alloy

Case material: Stainless Steel, bayonet ring

Window: Toughened glass

IP class: IP 65

Options/notes:

Lower, back entry

Adjustable pointer for Ø100, Ø150 for option

Ø 2.5"

Ø 4" & 6"
